Margaret Stimman Branson's Donor Wall

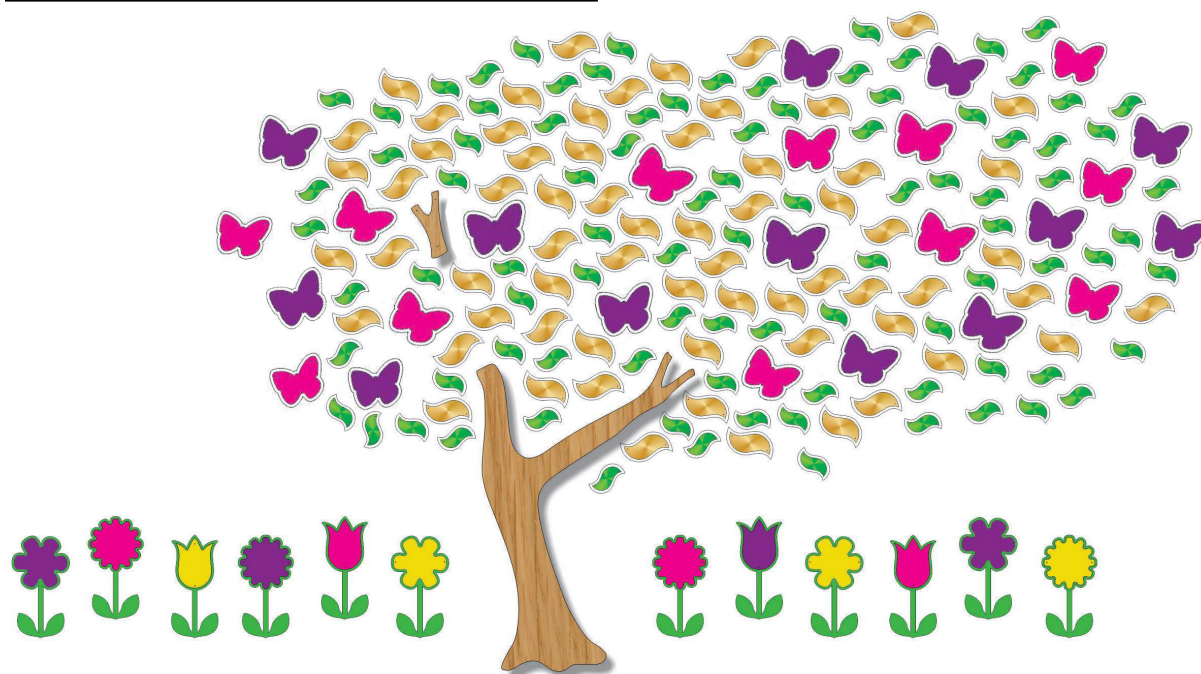

Olivia's Garden

Olivia's Garden, a custom design by W&E Baum, is proudly displayed just inside the entrance of the Pediatric Specialty Outreach Clinic. The donor wall was paid for thanks to a generous gift from Olivia's Great-Grandmother, Margaret Stimman Branson.

Sample Gold Leaf

Olivia's Garden Donor Tree was customized to represent a tree that was on the wall of Olivia Caldwell's nursery during her battle with cancer. The garden features two different sizes of leaves in addition to flowers and butterflies. The leaves, flowers and butterflies each provide donors with an opportunity for varying levels of support.

Donations of \$5,000 or more will be eligible to have a piece of the garden bearing the inscription of the donor's choice.

Donors may choose to inscribe their family or business name, or they may use the leaf to memorialize or honor a loved one. Qualifying donations may be one-time gifts or pledges which will be honored after completion of the pledge.
